

# By Crooked Steps (Demo)

## Soundgarden

I'm addicted to feeling  
Stealing love isn't stealing  
Can't you see that I understand your mind? I'm a walking believer  
I'm a ghost and a healer  
I'm the shape of the home inside your heart Not looking for a brighter side  
Crooked steps will take me higher  
I don't care if you want to cry  
I'm a soldier for hire  
Killing all you admire  
And you live in the cloud but that will change Not looking for a brighter side  
Crooked steps will take me higher  
I don't care if you want to cry Blood raining down  
Cuts a deep, deep river  
And we're diving  
And we're diving By crooked steps  
Right behind you By crooked steps  
Right behind you I'm a walking believer  
I'm a ghost and a healer  
Can't you see that I understand your mind? By crooked steps  
Right behind you
