No Respect

The Toasters

Respect
Always everybody looking for some
Respect
Who do you think you're gonna get it from?Respect
Anybody here deserving of none
Respect
So tell me, what makes you think
You're not the oneNo respect, no respect, none
No respect, no respect, none
No respect, no respect, none
No respect, no respect, noneRespect
Why be concerned with public adulation
Respect
Pat on the back crying for attentionRespect
Finding out what it really means to me
Respect
Honor comes only after humilityNo respect, no respect, none
No respect, no respect, none
No respect, no respect, none
No respect, no respect, noneNo respect, no respect, none
No respect, no respect, none
No respect, no respect, none
No respect, no respect, noneNo respect, no respect, none
No respect, no respect, none
No respect, no respect, none
No respect, no respect, noneNo, no, no, no, no
No respect
