Of the Girl

Pearl Jam

Oh he deals them off of the top, ties them off
Fills it up with his past, gets carried away
Half his life a hand me down wasted away
Fills his night with the thought of a girlOh he left it alone, drilled the pain with money to buyHow he makes his getaway
How he makes his getawayOh he chose a path, heavy the fall, quarter to four
Fills his nights with the love of a girl
