

# Stupid Car

## Radiohead

Funny how to drive your stupid car  
Funny how 'cause I never get that far  
And you put my brain in overload  
I can't change gear, I cannot see the road

You got concrete eyes and I cannot see your face  
And I failed in life 'cause you crushed me with your hands  
And you put my brain in overload  
I can't change gear, I cannot see the road
