

Halfway Over The Hill

Barry Manilow

I've been workin' all my life
Workin' hard for all my life
Tryin' to find a reason for livin'
Tryin' not to take too much without givin'
Never saw no rainbows in my sky
But don't you see I'm halfway over the hill
I'm passin' over the hardest part
I'm halfway over the hill
It's gotta get easier from now on
I've been runnin' all my life
Lord, I've run for all my life
Seein' joy and seein' people grievin'

Seein' towns I don't remember leavin'
Never saw no blue birds in my sky
Don't you see I'm halfway over the hill
I'm passin' over the hardest part
I'm halfway over the hill
It's gotta get easier from now on
Oh, I'm halfway over the hill
I'm passin' over the hardest part
I'm halfway over the hill
It's gotta get easier from now on, ohh
