## **New Hope Generation**

## **Falling Up**

I've been here before, it's all I've ever known Looking for the face I am

Where do I go? All that's in my sight

Are darkened dreams of empty liesHope is there it is waiting it is real

You are only what you want to feel

I can see your eyes and they are askingWe're a new hope generation

We can see the wasted life in your faces

But we can see Messiah rise in these places

Until the tears are goneWe're a new hope generation

We can see the wasted life in your faces

But we can see Messiah rise in these places

Until the tears are goneI've seen you before, you're always on your face

Trying to find the traces left

Hungry and tired, waiting for your needs

Just hold him close he won't ever let you goHope is there it is waiting it is real

You are only what you want to feel

I can see your eyes and they are askingWe're a new hope generation

We can see the wasted life in your faces

But we can see Messiah rise in these places

Until the tears are goneWe're a new hope generation

We can see the wasted life in your faces

But we can see Messiah rise in these places

Until the tears are goneOpen, open arms, open arms let your spirit

Open, open arms, open arms let your spirit pourHere's the call to anyone at all

Who's ever had the rise right after a fall

It's revolutional when they come like this

They can't believe we're living representatives It gives light unto the Gen X and Y

Resolution with no generic reply

I stand aside a genre that's on a tear, broken

Chains explain that we are almost thereWe're a new hope generation

We can see the wasted life in your faces

But we can see Messiah rise in these places

Until the tears are goneWe're a new hope generation

We can see the wasted life in your faces

But we can see Messiah rise in these places

Until the tears are goneYou think I will throw away but I don't care what you say

'Cause the one you pushed aside, will rule one day

You can no divide a unified youth nation

So where's my anointed now generation
