

I Don't Believe In Ghosts

Duncan Sheik

Here and there
Haunting my closets and drawers
My evermore Now and then
Forgetting that every thing's changed
I call her name And I heard the stories
She tried to tell me
Don't believe in ghosts I hear a sound
Maybe it's her coming home
But I'm alone No, I've never seen one
I've never been one
I don't believe in ghosts No, I won't think of her
I won't remember
I don't believe in ghosts She knows
She knows
