

Tough Luv

Young Gunz

I swear to hold you down for as long as we both shall live
I never made a move without ya, my homie that's just how it is
Now we need each other more than ever, don't leave me by myself
Young Chris
Check it
Young Neef
Thats right
Together for ever, Neef and C
I give a fuck how y'all feel but that's real to me
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
I would turn green, from me being in trenches
Him, livin' adventurous not worryin' about expenditures
Think back, I never left the premises
24/7 on corner, now let's remember this
After school, you wrote your rhymes while I sat in your crib
One of the first niggaz you let in your crib
Moms treated me like a son since day one
Thinkin' 'bout how she talking 'bout she can't wait til that day come
The thing about that, I weren't even
thinkin' 'bout rap
Til I met you and thank you for that
And now you got us lookin' like Jaz and Jay
T-Mac and Carter Neef, gotta work harder Neef
Shit, we runnin' with S. Carter Neef
Dame and Biggs, get on your game my nig
The whole clique feel the same my nig
So don't think 'cuz I'm ahead of you I changed my nig
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Now we got rich athletes that practice evr'day
Look at Hov, seem him in action everyday
He still at it, sold 5 million, still practicin'
You still with me? Units is movin', they still yapping homie
And I came into this game on your back and your game ain't intact
And I'm tryin' to do my thang
All I wanna know is if you tryin' to do the same

I feel like I could do without you, at the same time I can't 'Cuz at the same time it'll hurt
 Ain't no shame in our game but our moms'll be hurt
 Dreams of being stars, a lotta niggaz Miss. Kim
 If you can't do it for us, do it for Miss. Kim
 Plus we promised both our mommas that we would
 You know if we break that promise, it'll break they little hearts
 Let's get this album out, and try to make it to the charts
 Time for us to see the light, we done made it through the dark homie Let's do whatever it takes to find our way
 To find a way, to find a way
 Let's do whatever it takes to find our way
 To find a way, to find a way
 Let's do whatever it takes to find our way
 To find a way, to find a way
 Let's do whatever it takes to find our way
 To find a way, to find a way The kid back in the zone, killin' them songs
 I'm back to my old self, C I'm 'bout to prove em wrong
 'Cuz in the past, a lotta shit been fucked up
 Like when you hear Young Chris and don't hear Neef Buck
 Young Gunna I got ya
 But you hata gonna make me snap, cock back and red dot ya
 Face it, ya basic, you can't tie my laces
 Now I got the game mapped, plus I want my spot back We together forever, these niggaz can't stop that
 Do it for who? I do it for you!
 Let's be for real homeboy, they not our crew
 And since we talkin' facts, it's really just us two
 And I know you feel the same when you're signed
 But you couldn't even ride 'cuz I wasn't on my job
 Don't never ever think I left your side
 Never T-mac and Carter C, man you a part of me Brother from another, even though my momma loved you like
 her own
 Let's do this rap shit and just move on
 I just thought I was passin' a baton, lettin' you kill them songs
 Now I feel I'm all wrong
 God forbid this rap shit'll don't even work out
 Still know the Coke route, still get our moms out
 And that's a promise we could never break
 C you never changed, don't be dogged that was my mistake
 But don't worry, we gon get this in a hurry
 Young Chris, Young Neef, tough luv til we bury Let's do whatever it takes to find our way
 To find a way, to find a way
 Let's do whatever it takes to find our way
 To find a way, to find a way
 Let's do whatever it takes to find our way
 To find a way, to find a way
 Let's do whatever it takes to find our way

To find a way, to find a way Let's do whatever it takes to find our way

To find a way, to find a way

Let's do whatever it takes to find our way

To find a way, to find a way

Let's do whatever it takes to find our way

To find a way, to find a way

Let's do whatever it takes to find our way

To find a way, to find a way
