# Anywhere Is a Resort

## Fireside

It's the way you look at me
When rejection's at hand
Could you take me in your arms
And forget the way I am?That makes me feel better
Than what's lost in the sand
Could you take me in your arms
And forget the way I am?Look for worse than I've accomplished
Just to see the failure of it all
Cricket sounds could make me madLook for worse than I've accomplished
Just to see the failure of it all
Cricket sounds could make me mad
But anywhere's a desertSo nobody needs that loving anyhow
For what's conscience worth in a pretty mind
Could you take me in your arms
And forget the way I am?Look for worse than I've accomplished
Just to see the failure of it all
Cricket sounds could make me madLook for worse than I've accomplished
Just to see the failure of it all
Cricket sounds could make me mad
But anywhere's a desert
