

# Everybody Does

**Ariel Abshire**

Everybody does petty things to feel loved  
Everybody does petty things to feel loved  
Just ask us, just ask us, just ask us

Bear with me, bear  
Bear with me, bear  
I done so bad  
Bear with me, bear  
You bear down on me  
â€œcause I done so bad but

Everybody does petty things to feel loved  
Everybody does petty things to feel loved  
Just ask us, just ask us, just ask us

Bear with me, bear,  
In the name of what we had  
Bear with me, bear  
You bear down on me  
â€œcause I done so bad but

Everybody does petty things to feel loved  
Everybody does petty things to feel loved  
Just ask us, just ask us, just ask us

(ahhhhhhhhhhs)

Everybody does petty things to feel loved  
Everybody does petty things to feel loved  
Just ask us, just ask us, just ask us etc.
