Lost In The Sun

Hinder

Come on, yeah
Well, it's been seven years since that summer
Why'd you call me at all 'cause I'm with her now
You know you will have to get over
Well, I finally forgot all those times some how
Don't bring it all back to me
I know this is hard to see
You know the summer we smoked in the sun
You know it's only because we were young
And we promised to always remember
That we'd wind up together forever
Looking back we sure had some fun
A summer lost in the sun, lost in the sun, yeah
No, I don't think it's right that I see you
Oh, I'm tempted but taken I'm with her now
Just get over me baby you need to
If you don't we'll end up in a mess somehow
Don't bring it all back to me
I know this is hard to see
You know the summer we smoked in the sun
You know it's only because we were young
And we promised to always remember
That we'd wind up together forever
You know after all that we said it was done
You know we were leaving because we were young
And we promised to always remember
That we'd wind up together forever
Looking back we sure had some fun
A summer lost in the sun
I'm going under getting over you
I fooled myself by thinking we were through
You know the summer we smoked in the sun
You know it's only because we were young
And we promised to always remember
That we'd wind up together forever
You know after all that we said it was done
You know we were leaving because we were young
And we promised to always remember
That we'd wind up together forever

Well, it's been seven years since that summer
Why'd you call me at all 'cause I'm with her now
You know you were hard to get over
I finally forgot all those times somehow
But looking back we sure had some fun
A summer lost in the sun, oh yeah
