

# Gladiator

Nicola Roberts

Ding dong, ding dong, ding dong, ding dong  
Falling down to London town  
Ding dong ding dong ding dong ding dong  
Past the rooftops and the crown The rules are easy if you like to break them and offend  
A role reversal that's the password so come make a friend  
It's topsy-turvy to give mercy to the guilty men  
We love you faking cause you made the effort to pretend Like a gladiator craves the blood of his spectators  
I'm in the middle of a man I'll have to call you later  
And just before I pull out I swear to use indicators  
So you can see my show, you can, you can see my show Show show show show show show show  
Here I go, go, go  
Here I go, go, go  
Gonna tap tap tap tap tap tap tap  
On the mic now  
Say my name now I roll the dice you play like mice send you round the bend  
Sugar and spice screaming is nice the fun it never ends  
I'm miss mischievous innocent to the bitter end  
Make up is make believe so slap it on be my best friend  
I had to call a fire man my hair was burning bridges  
I'm shooting bullets from my chest I'm super woman bitches  
And if my balls of steel have stuck half way down your pipe  
I got some KY, time to open open open wide Show show show show show show show  
Here I go, go, go  
Here I go, go, go  
Gonna tap tap tap tap tap tap tap  
On the mic now  
Say my name now Those days, I'd stumble in the dark, angels give me back my spark  
The wrong girl trapped in the right place  
I've had enough I've dusted off  
And wiped my blood on you! Ding dong ding dong ding dong ding dong  
Falling down to London town  
Ding dong ding dong ding dong ding dong  
Past the rooftops and the crown Show show show show show show show  
Here I go, go, go  
Here I go, go, go  
Gonna tap tap tap tap tap tap tap  
On the mic now  
Say my name now
