Prove You Wrong

Crossfade

Some days are worse than others
Some days I cannot feel a thing
Someday I might just prove you wrong
Something just might go my wayToday I've got something to prove to you
All these things I never do for you
Making you angrier everyday
Pushing you farther awayYou make me a mess
I can't keep it together
Somehow, someway
I'm gonna prove you wrong
I'm gonna prove you wrongSomeday I might stay sober
Figure out where I went wrong
Make some sense of what's left of me
Make a go of this aloneI've got nothing left for you
So sick of all the things you do
Turn your back on me everyday
Youre pushing me farther awayYou make me a mess
I can't keep it together
Somehow, someway
I'm gonna Prove you wrong
I'm gonna prove you wrong
