

Holy One

Words and Music by Mark Schultz

From the recording: Song Cinema, Track #6.

Gentle friend

You knew my name

Yet with Your hand You calmed the storm and healed the lame

As You spoke

People came

And as the crowds would gather 'round they called out

Holy One, are You the Holy One, who was sent by God to show the way

I wasn't there

The night they came

Those who saw and feared the miracles you made

You took the nails

You bore the pain

And as they hung You on the cross and mocked you

Holy One, if You're the Holy One let your God come save You from the grave

I just heard the newY today

I just came to find you but they said You'd gone away

I just wanted to hear You say that you had to go

But that You'd be back again

Early morn

Break of day

Came in time to find the rock You rolled away

I found Your robe

An empty grave

And as I fell upon the ground I cried out

Holy One, You are the Holy One, and You came and gave Your life away

Holy One, You are the Holy One and You came and gave Your life away

I am the life, I am alive, I came to show the way
