

# Architects of Fear

## Savage Messiah

At the zenith of ambition unobstructed  
Lays a curse upon mankind  
De-populate through massive agenda  
In accordance with the guideArchitecture of fear intertwines  
Reason the enemy  
Imprison the mind  
Instilled in the young  
To eradicate  
Trivialising  
Life by mandateAnd to the ones that wish you gone  
Without a flicker of remorse  
In their elitist paradise  
In judgement they will sacrificeAnd as a monument to sadist machinations  
Incremental paradigm  
These ten commandments of wickedness unrivalled  
Pave the way for our demise
