Tunnel

Third Day

Well, I won't pretend to know what you're thinking
And I can't begin to know what you're going through
And I won't deny the pain that you're feeling
But I'm gonna try and give a little hope to you
Just remember what I told you
There's so much your living for
There's a light at the end of this tunnel
There's a light at the end of this tunnel for you, for you
And there's a light at the end of this tunnel
Shining bright at the end of this tunnel for you, for you
So keep holding on
You got your disappointments and sorrows
You ought to share the weight of that load with me
Then you will find that the light of tomorrow
Well it brings new life for your eyes to see
So remember what I told you
There's so much your living for

There's a light at the end of this tunnel
There's a light at the end of this tunnel for you, for you
There's a light at the end of this tunnel
Shining bright at the end of this tunnel for you, for you
So keep holding on, keep holding on
So remember what I told you
There's so much your living for
There's a light at the end of this tunnel
There's a light at the end of this tunnel for you, for you, yeah
There's a light at the end of this tunnel
Shining bright at the end of this tunnel for you, for you, yeah
There's a light at the end of this tunnel ooh, for you, for you, yeah
Shining bright at the end of this tunnel for you, for you
So keep holding on, keep holding on, keep holding on now
You got your disappointments and sorrows
I'm gonna try and give a little hope to you
