

Car Chase City

Tenacious D

Car Chase City, that's the name of the game
It was all groovy, now it's totally lame
KG really fuckin' blew a synapse
Now we're fuckin' headed for a total collapse
Car Chase City, roll away from a bus
Thought that we wasn't but we totally was
Car Chase City, now we're off on the map
Car Chase City, now I'm takin' a crap
Now it's getting hairy, so we're changing the key
Never underestimate the power of D
KG really put his foot on the gas
If I go to prison, I've the pick in the grass
Fuck this shit, it's gone too far,
Kage pull over, let me out of the car!
Car Chase City, now we're taking the lane,
KG blew it, now we're going insane!
Let's rock, let's roll
Let them try to fill up the hole
Let's rock, let's roll
Car Chase City Patrol
Car Chase City
Car Chase City
Let's rock, let's roll
Car Chase City Patrol
Let's rock, let's roll
Just a face rigmarole
Pens, speed, tremble, gas, brakes
Spin it, go Kyle
So spin it, go Kyle
S'broke, flip it, gas, nitro, go
Let's rock, let's roll
Car Chase City Patrol
Let's rock, let's roll
Just a face rigmarole
Let's rock, let's roll
Car Chase City Patrol
Let's rock, let's roll
Rocking was the ulti-mofo
Car Chase City
Car Chase City
Hey guys, you're running a little late
There's no spot left, you got any new material?
What we got's gonna blow your brains out
Dust off the stage, Open Mic host, step aside
