

# The Windows Of The World

## The Fabulous Planktones

The windows of the world

Are covered with rain

Where is the sunshine

We once knew

Everybody knows:

When little children play

They need a sunny day

To grow straight and tall

Let the sun shine through

The windows of the world

Are covered with rain

When will those grey skies turn to blue

Everybody knows

When boys grow into men

They start to wonder when

Their country will call

Let the sun shine through

The windows of the world

Are covered with rain

What is the whole world coming to?

Everybody knows

When men cannot be friends

Their quarrel often ends

With some have to die

Let the sun shine through

The windows of the world

Are covered with rain

There must be something

We can do

Everybody knows

Whenever rain appears

It's really angel-tears

How long must they cry!

Let the sun shine through
