

Sometimes

Gucci Mane

I know God can't be mad at me
Because all the blessing he gave me!
riding round wit my top down, I'm lookin up at tha galaxy
A lot of girls can't stand me
They don't really understand me
Can't get half of my phantom
yeen gettin half of my mansion
Lost my homie to gun fire
Nigga part of my empire
Every since that day, I've been riding late like a vampire
People say I'm a addict, got a lot of bad habits.
love smokin that broccoli and i love stackin that cabbage
Shout out to my jeweler damn he such a good jeweler
shout out to my shooter, damn ya such a good shooter
every car i ride clean bumper to bumper
Every top i slide throw tha top in the dumpster
I'm OG youse a youngster, got more guns than cuntra
More change than busta and more hoes than Usher.
Is Gucci man and drama, so that means more more commas
I'm hands on like a laptop, get your cap popped this summer

Chorus:

sometimes i i feel gudd
i be in the hood i just ride by
sometimes i i feel bad
i be in the hood might do a drive by
sometimes i i feel gudd
i be in the hood i just ride by
sometimes i i be in the hood

and im feelin bad might do a drive by
