Wild Ting

11:11

[Verse 1]
I just wanna switch locations (she said to me)
Come now, come now baby (finish the drink)
She don't wanna conversation (?)
And thats whats frustrating (?)She said she want to know
She said she want to know
Couple more shots of crown
Couple more shots of crown
And it's going up
She said she wanna be my wild ting
(and its going up)
She said she wanna be my wild ting
She know she got that fire
Everything i desire
She said she wanna be my wild tingLemme feel your sensation
She said to me
Baby I'm losing patience
Dont make me wait
Whatever you wanna say just save it
I dont wanna hear her wanting
Coz you know I'm so anxious
What you got for meShe said she want to know
She said she want to know
Another round of crown
Another round of crown
And it's going upShe said she wanna be my wild ting
(and its going up)
She said she wanna be my wild ting
She know she got that fire
Everything i desire
She said she wanna be my wild tingIf you want it right now
Come into the room and turn the lights down low
Imma do you right now
All you gotta do is turn the lights down low
Before you ran quiet down
But now you in this room so turn the lights down low
Why you acting shy now
Girl just turn the lights down low
And its going upShe said she wanna be my wild ting

(and its going up)
She said she wanna be my wild ting
She know she got that fire
Everything i desire
She said she wanna be my wild tingShe know she got that fire
Everything i desire
