

Up All Night

SRC

Yeah, I'm a little tired, I'm a little wired
Four pots of coffee in the last eight hours
 Pacing the floor all the way through
Late, late movies and the early cartoons
 Now you're wanting me to believe
 You ain't fooling around on me
 Even through bloodshot eyes
 I can see right through your lies
 Might've been born yesterday
 But I've been up all night
 Despite the caffeine and the lack of visine
 I'm not as wide eyed as I seem
 You left looking fine, now you come back home
 Your hair messed up and your blouse buttoned wrong
 I'd have to be a fool to believe
 Anything you're telling me
 Even through bloodshot eyes

I can see right through your lies
 Might've been born yesterday
 But I've been up all night
 Never went quite as far as loving you blind
 But you had me in the dark for a long, long time
 Now you're looking at a man who's seen the light
 So pardon the way I look
 Sunset to sunrise, haven't slept a wink
 But I feel like I just woke up
 Even through bloodshot eyes
 I can see right through your lies
 I might've been born yesterday
 I've been up, I've been up, I've been up
 I've been up all night
 I've been up all night
 I've been up all night
 I've been up all night
