

Get Wasted

All Faces Down

put up your glasses, fill em up with wine
I'm gonna buy the next round, let's swig some vodka lime
come on, get wasted, let's have a party through the night
we're gonna destroy ourselves to feel alive

as it gets later the heat breaks out in the red district
the girls get naughty, the fellers get dirty
the gogos all dance, and the bitches strip

hey guys bring me sirup and whipped cream
let's cock me up, so that bitches can lick me
the champaign flows and we're getting insane
oh my god we're getting insane
that's why we are alive

hey, I waste myself today
do you waste yourself with me?
lets wreck ourselves until the sun rises again
hey, I waste myself today
do you waste yourself with me?
lets wreck ourselves until the sun rises again

it always happens when the show is done
but at the after-show party our show goes on
we are the crazy clique with lots of crazy chicks
if you don't agree with the way we live
you're maybe jealous cause we live your dream
if you want a change then be with AFD
that's why we are alive

hey, I waste myself today
do you waste yourself with me?
lets wreck ourselves until the sun rises again
hey, I waste myself today
do you waste yourself with me?
lets wreck ourselves until the sun rises again
