# We Can Do Better (Acoustic)

## Matt Simons

We can do better
Oh yeah, we can do betterI know it hurt bad, your Mom left your Dad
When you were a little girl
You think I'm gonna leave 'cause history repeats
We've seen it around the world
Oh, all that we're told get old
We'll cheat and we'll both get hurt
Against all the odds we'll pray to the gods
That this love worksWhen all we see is bad blood and mistakes
All we hear are sad songs 'bout heartbreaks
And no matter how long it takes
We're not gonna give up
We can do better
(ha)
Oh, we can do better
And nothing lasts forever
(ha)
We can do betterWe can do better
Oh yeah, we can do betterThings can get rough, we might drink too much
And say things we shouldn't say
Forgive and forget 'fore we gon' to bed
And we gonna be okay
Some people pretend it's not gonna end
And end up then walk away
But that isn't me, I'm not gonna leave
I'm here to stay
When all we see is bad blood and mistakes
All we hear are sad songs 'bout heartbreaks
And no matter how long it takes
We're not gonna give upWe can do better
(ha)
we can do better
And nothing lasts forever
(ha)
We can do betterI'm not worried 'cause the thing is
We can do better
I know you and I are different
We can do better
I don't wanna overthink it

We can do better
I know you and I are differentWe can do betterWhen all we see is bad blood and mistakes
All we hear are sad songs 'bout heartbreaks
And no matter how long it takes
We're not gonna give upWe can do better
(ha)
we can do better
And nothing lasts forever
(ha)
We can do betterWe can do better...
