Up to No Good

Louis Logic & J.J. Brown

ONE TWO THREE FOUR FIVE SIX SEVEN EIGHT!No one is safe here

We're all in danger

Through the corridor

I see a stranger

Robbin' and ransackin'

I see him walkin'

Lock your doors now

I hear him knockin'Up to no good, up to no good

Like a spark in a wire

Or a splinter in wood

Best intentions get misunderstood,

But that mother fucker is up to no goodUp to no good (9x)ONE TWO THREE FOUR FIVE SIX SEVEN EIGHT!Quick like a snake

He's good at stealin'

He'll even steal the

Plaster off the cielin'

Cloaked in darkness

I see him standin'

Makin' moves in the night

He's a ghost manUp to no good, up to no good

Like a spark in a wire

Or a splinter in wood

Best intentions get misunderstood,

But that mother fucker is up to no goodUp to no good (9x)ONE TWO THREE FOUR FIVE SIX SEVEN EIGHT!Criminals

I understand them

Watch your back cause

We'll come at random

Born to lose and

You end up in the system

He's our friend

Now we're gonna miss himUp to no good, up to no good

Like a spark in a wire

Or a splinter in wood

Best intentions get misunderstood,

But that mother fucker is up to no goodUp to no good (12x)ONE TWO THREE FOUR FIVE SIX SEVEN EIGHT!
