

This Shoulder

Blindside

Come with me, ride upon my shoulders why don't you
Don't you see? You can't fall down when you're on my shoulder
You wonder if you must climb to get away from the slime
Seeking it's way in to your heart
But I know, yes I know That you'll see this through
Come ride upon my shoulders I'll carry you, I'll carry you
You must fight alone
I've known you before you did
So don't you play no charade Breathe my air, come ride upon my shoulders, why don't you
Don't feel scared, you can't fall down when you're on my shoulder
You wonder if you must climb to get away from the slime
But I alone will lift you up
And holding there my heart, 'cause I know That you'll see this through
Come ride upon my shoulders I'll carry you, I'll carry you
You must fight alone
I've known you before you did
So don't you play no charade It is time
To leave you behind
I can take every drop of your spit
But it's when you do you see you don't fit See me
See me
See me
See me
See me
See me You'll see this through
Come ride upon my shoulders I'll carry you, I'll carry you
You must fight alone
I've known you before you did
So don't you play no charade It is time
To leave you behind
I can take every drop of your spit
But it's when you do you see you don't fit It is time
It is time
It is time
It is time
