

On the Grid

Lime

(Denis LePage)(Rap)
If you play with your cube
When you watch the tube
You're gonna wind up on the gridIt's on the air
And if you're there
You're gonna wind up on the gridWhen you turn the knob
And you do a good a job
You wind up on the gridYou press the button
It feels like nothin'
And you wind up on the grid(Repeat Throughout)
No problem(Repeat Throughout)
On the grid(Keyboard Solo)(Repeat Rap)
