Sun And Love

Lanfranchi

Once you found another place to stay
Do you like another game to play?
Now is time to gonna move around
Take me over, let me hear the sun
I want happiness as much for us
I wanna dry the tears of everyone
Don't forget the promises you make
Will help yourself and your brother

Sun and love together wherever we will go
We'll be forever wherever we will sun [2x]

The sun on me
The sun on me
The sun on me
The sun on me
The sun on me
The sun on me
The sun on me

Now we need a change for everyone
I've been dreaming for a long long time
Black or white you gonna be alright
There's no reason anymore to fight
All the flowers and the trees around
All the children sitting in the ground
Don't forget the promises you make
Will help yourself and your brother

Sun and love together wherever we will go
We'll be forever wherever we will sun [2x]

The sun on me
The sun on me
The sun on me
The sun on me
The sun on me
The sun on me
The sun on me

Would you play?
Would you play another game with me?
Now this is a time for you baby don't cry please don't cry

Sun and love together wherever we will go
We'll be forever wherever we will sun [2x]
