I'd Avoid Me Too

Dwight Yoakam

Here I sit all alone just a wonderin' why You must have slipped out while I was high I know just how it feels and I'm not blamin' you 'Cause if I had to choice, I'd avoid me too I've heard tell people say, I'm half worth nothin' at all While that may not be true Dead to rights It sure ain't landin' far wrong There's little question or none Wasn't much you could do And if I had the choice, I'd avoid me too Now I'm having fears and doubts

Right along with everyone else And here lately, I'm not so sure I should even be seen with myself But here I sit all alone, just a wonderin' why I guess you slipped out while I was high I know just how it feels and I'm not blamin' you 'Cause if I had the choice, I'd avoid me too If I had the choice If I had the choice
