

Summer

Alien Ant Farm

So you finally fessed up to her
All the lies you said
Now you kindly kiss up to her
But the feeling's dead
Several days have passed now
Darker than any damn cloud now
Liquid sunshine falls down
Harder than all the damn hounds
Tried to give you summer, but I'm winter
Wish I could make you spring, but I fall so hard
Tried to give you summer, but I'm winter
Wish I could make you spring, but I fall so hard
So you always did what you wanted
We will be on our own
I will soon let you go now
Things will be all right
Several weeks have passed now
Grayer than any gray cloud
Several weeks have passed now
And it's so hard
Tried to give you summer, but I'm winter
Wish I could make you spring, but I fall so hard
Tried to give you summer, but I'm winter
Wish I could make you spring, but I fall so hard
And it's so hard to get outta bed
And it's so hard to get outta bed
And it's so hard to get outta bed
She's impossible to get outta your head
Tried to give you summer
Tried to give you summer
Tried to give you somethin'
Wish I could make you spring
Wish I could make you spring
Wish I could make you spring, spring time
Wish I could make you spring, spring
Tried to give you summer, but I'm winter ya
Wish I could make you spring, spring time
Tried to give you summer, but I'm winter
Wish I could make you spring
