

Crazy That Way (Intro)

Anjulie

Sometimes I lock myself inside your closet
Breathe in the scent of your clothes
Take home a T-shirt and pretend I lost it
Hide it under my pillow, call me Crazy, I'm crazy that way
Boy, I must be insane
Crazy, I'm in need, don't care what people say
I'm crazy that way, I'm crazy that way Baby, I don't wanna talk about it
I got this feeling in me I know
There's no reason to deny or doubt it
Only thing that keeps me from going Crazy, I'm crazy that way
Boy, I must be insane
Crazy, I'm in need, don't care what people say
I'm crazy that way And my imagination runs away with me
I try and fight it but it's more than I can take
See the fire burning in my eyes and you realize
I'm crazy that way Crazy, crazy that way
Boy, I must be insane
Crazy, I'm in need, don't care what people say
I'm crazy that way, crazy that way La, la, la, la, la
I'm crazy that way
