Mess Is Mine

Vance Joy

Talking like we used to do
It was always me and you
Shaping up and shipping out
Check me in and check me outDo you like walking in the rain?
When you think of love, do you think of pain?
You can tell me what you see
I will choose what I believeHold on, darling
This body is yours,
This body is yours and mine
Well hold on, my darling
This mess was yours,
Now your mess is mineYour mess is mineSee you in the marketplace
Walking 'round at 8am
Got 2 hours before my flight
Luck be on my side tonightYou're the reason that I feel so strong
The reason that I'm hanging on
You know you gave me all the time
Oh, did I give enough of mine?Hold on, darling
This body is yours,
This body is yours and mine
Well hold on, my darling
This mess was yours,
Now your mess is mineBring me to your house
Tell me sorry for the mess
Hey, I don't mind
You're talking in your sleep
Out of time
Well, you still make sense to me
Your mess is mineYour mess is mine
This body's yours and this body's mine
Your mess is mine
