

# Mess Is Mine

Vance Joy

Talking like we used to do  
It was always me and you  
Shaping up and shipping out  
Check me in and check me out Do you like walking in the rain?  
When you think of love, do you think of pain?  
You can tell me what you see  
I will choose what I believe Hold on, darling  
This body is yours,  
This body is yours and mine  
Well hold on, my darling  
This mess was yours,  
Now your mess is mine Your mess is mine See you in the marketplace  
Walking 'round at 8am  
Got 2 hours before my flight  
Luck be on my side tonight You're the reason that I feel so strong  
The reason that I'm hanging on  
You know you gave me all the time  
Oh, did I give enough of mine? Hold on, darling  
This body is yours,  
This body is yours and mine  
Well hold on, my darling  
This mess was yours,  
Now your mess is mine Bring me to your house  
Tell me sorry for the mess  
Hey, I don't mind  
You're talking in your sleep  
Out of time  
Well, you still make sense to me  
Your mess is mine Your mess is mine  
This body's yours and this body's mine  
Your mess is mine
