

Already Gone

Admiral Twin

August fell like a landslide
Nothing could stand in the way
All those wasted years crashing down
make such a soundâ€¦
but no one heard
Now the walls and the ceilings
mingle in dust on the ground
Nothingâ€™s here to keep me around
Lost what I found
and nothingâ€™s free

Tell me Iâ€™m wrong
Tell me Iâ€™m wrong
Iâ€™m already gone
(When the sun is gone
and the truth is found
Will you follow meâ€¦
will you follow?)
Iâ€™m already long done

Youâ€™ll wake up some evening
Shake off the dust of the day
And all those filthy chains
will be gone
Held you so longâ€¦
like lovers do
Broken backward and twisted
Those promises we always made
You donâ€™t need them
â€¦round anymore
Throw back the door
and walk away

Youâ€™ve got to be strong
Iâ€™m already gone
(When the sun is gone
and the truth is found
Will you follow meâ€¦
will you follow?)

Iâ€™m already long done

Open up your eyes

and walk away

Iâ€™m already gone

Already gone
