

# New Level (feat. Future)

## A\$AP Ferg

I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Chain with the new bezel, all my niggas put in work  
I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Chain with the new bezel, all my niggas put in work

Used to be sleeping on itchy beds  
Bed bugs in the motel, now your bitch give me head  
Twenty bitches in the hotel on a ramen noodle diet  
Tour life wasn't so well  
All my niggas starting riots, moshpitting on your toenails  
Uncle T doing so well, first class from a old jail  
T Ferg did fifteen in the feds, getting no mail  
My daddy died and my cousin too  
They didn't let them out of no cell  
Provide jobs for my whole block, I cannot slow down  
Nigga, I won't stop now, mothafucka this is my town  
Take the block, make it hot now, 143rd with the drop down  
Icy chain with the watch now, ferg piece full of rocks now  
Niggas squint when they watch now, leveling up to the top now

I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
I'm on a new level, all my niggas put in work  
I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Bought me some new bezels, all my niggas put in work

Bought me some better bezels  
Man and went to see my jeweler, woo and I re'd up  
Went and bought some new jewels  
Hit the car dealer, woo-woo re'd up  
Who knew we'd blow like nitro, now they bitches need us  
Woo I just tasted molly on me, Lord knew I just re'd up

Dip and dab in this some new designer  
I just dip and dab with the semi-tucked  
You on the red carpet surrounded by pop stars trying to act tough  
I gotta Actavis on me, nigga, and I, pour it up  
They say that we couldn't smoke in this bitch  
And we fucked around and still rolled up

I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Chain with the new bezel, all my niggas put in work  
I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Chain with the new bezel, all my niggas put in work

Daddy looking down, I know he see me blowin' up  
My grandma would be so proud  
Up in Heaven, Yamborgini, know my brother see me  
I'ma make my bro proud  
Tell his mama I'ma take her outta work  
Know that I'ma hold my bros down  
ASAP to the nigga die  
You didn't know what you know now  
I gotta get in my zone now  
I gotta get in my zone now  
Only a couple-a more down  
Momma gon' get a new home now  
Teach Marty Baller how to be a boss  
So none of us ever go broke now  
I'ma bring you to the water swim nigga  
I cannot bring you the boat now

I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Chain with the new bezel, all my niggas put in work  
I'm on a new level, I'm on a new level  
I'm on a new level, I'm on a new level  
Bought me a new shovel, put these niggas in the dirt  
Chain with the new bezel, all my niggas put in work

My wardrobe is Tiffany Stones  
I'm really putting on  
Talking back to a King bitch, does not get condone

I'm on a new level  
That means I just caught me a new check  
I got them new bezels  
Then I went and bought me a new tech
