Lost Northern Star (Tagtgren Remix)

Tarja

I'm the one who leaves shadows
In your room at night
I'm the reason you're listening
Enlightening your eyesWhen Pan meets Apollo
Down with the sin
They will send tears of angels
Though kindness won't winLost Northern star
Buried in sorrow
I'll guard your mind
Let demons howl outsideWhere the calm fields of snow
Become one with the sky
I am there, I am waiting
As time passes byI set up the weather
To suit how you feel
Drop rain down with wishes
Build grace out of steelLost Northern star
Buried in sorrow
I'll guard your mind
Let demons howl outsideMy soul burns
My soul burnsSending dream flakes your way
Painting pictures
To help you each day
Yet, you don't know I'm thereLost Northern star
Buried in sorrow
I'll guard your mind
Let demons howl outsideMy soul burns
