

Superman V Supersoul

Simple Minds

Rhoda, come to it
Brother, slide through it
Sister, rise, don't you care?
Come on, taste the mountain air
Innocence comes to chance
The mystery spirit of romance
Butterfly make you sigh
Kali Yuga's miles away
Procession gets in line
With words of wedding day rhyme
It'll make you cry
Kali Yuga's miles away
And the young girl's eyes
Are miles away
And the dust still lies
Miles away
Rhoda, come to it
Brother, slide through it
Sister, rise, don't you care?
Come on, taste the mountain air
Innocence comes to chance
Mystery, spirit of romance
It'll make you cry
Kali Yuga's miles away
And the dust will rise
Miles away
The young girls sigh
And the dust will rise
Miles away
Don't let me down
Don't let me down
Morning cries to it
Blossom cries through it
Chariots take you there
Climbing through mists
Like marble white stairs
Milliseconds take a glance
Catch the mystery dance
Never wanna lose this chance
Kali Yuga's miles away
Kali Yuga's miles away
Don't let me down
[Incomprehensible]
Superman v super soul
Always in control
Superman v super soul
In control
[Incomprehensible]
Don't let me down
Don't let me down
[Incomprehensible]
