Blue Jean

The Cloud Room

Blue Jean, where have you been? In this song I sing
I've been riding this train tryin' to see you again
Blue Jean, where have you been? In this song I sing
You're all torn and you're frayed and you're starting to fade and we said"Blue Jean, what's happening? What have you seen you poor old thing?"Blue Jean, where have you been? In this song I sing
I spent 30 damn days sleeping on this damn train
Blue Jean, where have you been? In this song I sing
You're all torn and you're frayed and you're starting to fade and we said"Blue Jean, what's happening? What have you seen you poor old thing?"Blue Jean, where have you been? In this song I sing
I've been wracking my brain to remember your face
Blue Jean, where have you been? In this song I sing
I'm all torn and I'm frayed and I'm starting to fade and we said"Blue Jean, what's happening? What have you seen you poor old thing?"
