

Cinderella

Lionel Richie

As I was walking down a
path in the woods one day I
came across a vision that caught my eyeThere was a lady standing
right there beside a well, and I heard her whisper
what you wish for you can haveThen the vision went away

I thought that I had lost her
The girl I had been waiting for
I can't believe I just saw her
She is the finest thing, I ever could imagine
Now I want her next to me, cause I want, cause I want more

WhoahhhhChorus

Come to me my Cinderella
Straight to my wishing well and
You're the one I'll always cherish

I ya ya ya ya ya

Come to me my Cinderella
Straight to my wishing well and
You're the one I'll love forever

I ya ya ya ya yaShe is a gentle flower, she is the sun and rain and
She could be the reason for my joy and my pain
The first thing I see each morning, the last thing I see at night
You know if I could have all that
That's all I wish for in my lifeWhy did she have to go

What do I say to find her

This girl is the only one

I cannot deny her

She's making love to my mind
And I can't forget this feeling
It's her voice that's calling

It's her voice I need

WhoahhhhChorusOhhh Cinderella

Ohhh Cinderella

Ohhh Cinderella

You're all that I want

You're all that I need

Come back to me now
