Still Here

Drake

Doin' well dog Yeah, me and all my Yeah, me

YeahMe and all my niggas doin' well, doin' well dog You not from the city, I could tell, I could tell dog

Did it, did it, did it by myself, by myself dog

Blew up and I'm in the city still, I'm still here dogHow did I finesse all this shit from Jane and Weston

Girls all in my bed and they don't trip off first impressions

Girls all in your bed and they just ask a hundred questions

I can't fuck with you no more cause you be actin' extra

Do your favorite rapper like my son, like my son tho

Nothing mutual about my funds, bout my funds tho

All you niggas fightin' over crumbs, where the bread at

How they feel about you, where you're from, where your bed at

I don't need no pill to speak my mind, I don't need that

I make people pay me for my time, yeah I need that

And I see your girl like all the time, all the time tho

I can't tell you if she's yours or mine, but I do knowMe and all my niggas doin' well, doin' well dog

You not from the city, I could tell, I could tell dog

Did it, did it, did it by myself, by myself dog

Blew up and I'm in the city still, I'm still here dogOh, and I'm back dog

Oh, you just went and turned your back dog

I thought that we were family

You showed me that we can't be

I got talk to God even though he ain't near me

Based on what I got it's hard to think he don't hear me

Hidden like that 30 on my jersey man I'm gifted

Whole lot of 6's but I'm still like

Hallelujah, Hallelujah, Hallelujah

6 point star, lion of the Judah

All my niggas ain't off rockin' Gucci

One do it then we all gotta do it

Got the key, now the doors open and we all goin' through it

Whole city at your head for the boy

I ain't even gotta call no one for itMe and all my niggas doin' well, doin' well dog

You not from the city, I could tell, I could tell dog

Did it, did it, did it by myself, by myself dog

Blew up and I'm in the city still
