

South Bay Surfer

Beach Boys

Look out here come those south bay surfers
California's gettin' hot
There they go cruisin' down that coastline
Lookin' for their favorite spot
We'll find the big one
Oh, the boys are rough
And ready to handle anything
They take the big one
They've got to be the best thing goin'
South bay surfers really swing
Okay, rock out
Oh, Chicago can't you hear them
Hear that shore pound slam
You're gonna eat it
Smash
It rumbles clear to New York City
Detroit back to old Miam
Philly back to Alabam
You'll catch 'em surfing
