

Awakening

Empire Of The Sun

You stand apart, we was crying through
If I she'd a tear, baby do it then
Is there a part of me that goes to you?
Is there a part to you like privacy

Give it up and I donâ€™t know why
You are never rising
I just wanted you
Will I show you a part is over me?
Youâ€™re my life
Youâ€™re my life
Youâ€™re my life

Movement slows
Awakening, we make believe
Awakening
Movement slows
Awakening, we make believe
Awakening

I looked through the spots when I spotted you
Making you girls seen that Iâ€™m okay
Are you a star? Hereâ€™s a part of you
Empire of Sun, deep into the flame

Give it up and I donâ€™t know why
You are never rising
I just wanted you
Will I show you a part is over me?
Youâ€™re my life
Youâ€™re my life
Youâ€™re my life

Movement slows
Awakening, we make believe
Awakening
Movement slows
Awakening, we make believe
Awakening

Awakening

Awakening

If I climb away before I do that
Yes Iâ€™ll hide away from a dream yea
Thatâ€™s a place we were from here
Thatâ€™s a place thatâ€™s far from here

Movement slows

Awakening, we make believe

Awakening

Movement slows

Awakening, we make believe

Awakening

Awakening
