

# Sun It Rises

## Fleet Foxes

Red squirrel in the morning  
Red squirrel in the evening  
Red squirrel in the morning  
I'm comin to take you home.Sun, I see you  
Over the hill  
In the morning windowHold me dear  
Into the night  
Sun, it will rise soon enoughSun rising  
Dangling there  
Golden and fair  
In the sky
