Touchdown Dance

IM5

I told her I loved her
last night at our favorite restaurant
Just like in the movies
I told her "It's you the one I want"
She broke with every word and tried to catch her breath
She stuttered through the tears trying to say it back
I told her I love her
so I'm gonna celebrate this win
And do my touchdown danceFrom now on, I don't care who's watching me
Feel like number one yeah I won the greatest victory
So I do my touchdown dance give love from love immaBreak it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown danceShe told me she loved me
And all of the ways I changed her life
She likes I'm a freak and
I'd be moving like Usher in her eyes
I wanna tell the world what she means to me
I'll take her learn to show that she's all I need
She told me she loved me
so I'm gonna celebrate this win
And do my touchdown danceFrom now on, I don't care who's watching me
Feel like number one yeah I won the greatest victory
So I do my touchdown danceGet love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma

Break it down for love imma
Shake it for love imma
Do do my touchdown danceWoah slow it down for a minute
I'm running out of breath, when I'm only trying to hit it
Gotta tell you how I'm number one
Yup yup I feel like number one
Cause ain't got nobody got a love like this
She's got that champion kind of kiss
I want that whole dan gang
With every single play one chance
Now I'm doing my touchdown dance yoFrom now on, I don't care who's watching me
Feel like number one yeah I won the greatest victory
So I do my touchdown danceGet love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
Get love from love imma
Break it down for love imma
Shake it for love imma
Do do my touchdown dance
