

# Come to Me

Mario Biondi

Sun highlights the clouds  
Sunday morning as you've

Dropped me down  
Rain come down  
Tears fall down from my eyes

Dripped all around  
Oh love love is just don't forgive  
I miss my love so bad

Then i can't believe  
Sky above doesn't make no sense  
Without my love

No mercy for me  
You've broken my heart and dignity  
You walked out of my door

With no sorrow  
Leaving me alone as can be  
No mercy for me

You've broken my heart  
Why can't you see  
What reason to leave

No mercy for me  
Oh love love is just don't forgive

I miss my love so bad  
Then i can't believe  
Sky above

Doesn't make no sense without my love  
No mercy for me  
You've broken my heart and dignity

You walked out of my door  
With no sorrow

Leaving me alone as can be

No mercy for me  
You've broken my heart  
Why can't you see

What reason to leave  
No mercy for me  
No mercy for me

You've broken my heart and dignity  
You walked out of my door  
With no sorrow

Leaving me alone as can be  
No mercy for me  
You've broken my heart

Why can't you see  
What reason to leave  
No mercy for me
