

Big Red Gun (Demo Version)

Billy Talent

Brothers in arms who share my fears,
Time to protect what you hold dear
There's been a rise in new ideals,
Threatening to change the way we live Who knows what trouble's found a way,
Found a way to your door today
Who knows what trouble's on its way,
On its way to intimidate All I want is a big red gun
Oh yeah yeah yeah yeah oh
I'm gonna shoot, shoot, shoot at the setting sun
Oh yeah yeah yeah yeah oh
And all I want is a big red gun,
I'm gonna shoot, shoot, shoot till the thrill is gone
'Cause this is my right no matter the cost
Get outta my sight when baby's got a big red gun
Oh yeah yeah yeah yeah oh
Baby's got a big red gun
Oh yeah yeah yeah yeah oh Pride is a weapon in your hand
Freedom awards the faithful man
I hear the message loud and clear,
Straight from his lips into my ear And lord I just can't walk away,
Walk away from the enemy
The law will never disagree,
On the target of my insecurities All I want is a big red gun
Oh yeah yeah yeah yeah oh
I'm gonna shoot, shoot, shoot at the setting sun
Oh yeah yeah yeah yeah oh
And all I want is a big red gun,
I'm gonna shoot, shoot, shoot till the thrill is gone
And how many lives will have to be lost to understand why my baby's got a big red gun? (Baby's got a big red
gun) We call them twisted and deranged (baby's got a big red gun)
But we gave them the keys to annihilate (baby's got a big red gun)
How long before the next one's in the ground? (Baby's got a big red gun)
So proud of all your history (baby's got a big red gun)
But history made a big mistake (baby's got a big red gun)
The judge and jury stand before you now (baby's got a big red gun) 'Cause baby's got a big red gun
Baby's got a big red gun
Baby's got a big red gun
Oh momma what have I become?
