

Deep in Your Heart

Lasgo

I do know
Life's been hard for you my love
We'll take it slow
And let our feelings grow Day by day
I feel I'm getting closer to you oh oh oh...
Come what may
Won't let you slip away... Deep in your heart you are longing for love
I know you want me too
Deep in your heart you are longing for love
That's all I want from you
Deep in your heart you are longing for love
You feel the way I do
Deep in your heart you are longing for love
And I keep longing to be with you... To survive
You have tried to run from love
Deep down inside
You want me in your life Stone by stone
I'm breaking down this wall around your heart oh oh...
I'll hold on
Till all your fears are gone... Deep in your heart you are longing for love
I know you want me too
Deep in your heart you are longing for love
That's all I want from you
Deep in your heart you are longing for love
You feel the way I do
Deep in your heart you are longing for love
And I keep longing to be with you
