

I Almost Killed You (Solo Version)

Billy Bragg

You see a rainbow
I see a dark cloud
You see your new friends
And I see a bad crowd I almost killed you
Nearly killed you
Almost killed you with my love I'll put a gun up to my head
If you treat me this way
Is it fake? Is it real?
Are you feeling lucky today? I almost killed you
Nearly killed you
Almost killed you with my love Find a gypsy child who wouldn't be christened
You just wouldn't listen
The tune that you dance to is not of my making
I can't countenance the steps that you're taking I almost killed you
Nearly killed you
Almost killed you
Nearly killed you
