

# Come Inside

## Petite Noir

Only you can make me feel the same  
(Only you can make me feel the same)  
Only you can make me feel the pain  
(Only you can make me feel the pain)  
When I fall, you welcome me inside  
(When I fall, you welcome me inside)  
You are not my only sacrifice  
(You are not my only sacrifice) No, No.  
Only you can make me feel the same  
(Only you can make me feel the same)  
Only you can make me feel the pain  
(Only you can make me feel the pain)  
When I fall, you welcome me inside  
(When I fall, you welcome me inside)  
You are not my only sacrifice, no, no  
(You are not my only sacrifice) No, No

...

Only you can make me feel the same  
(Only you can make me feel the same)  
Only you can make me feel the pain  
(Only you can make me feel the pain)  
When I fall, you welcome me inside  
(When I fall, you welcome me inside)  
You are not my only sacrifice  
(You are not my only sacrifice)  
Only you can make me feel the same  
(Only you can make me feel the same)  
Only you can make me feel the pain  
(Only you can make me feel the pain)  
When I fall, you make me feel again  
(When I fall, you welcome me inside)  
You are not my only sacrifice  
(You are not my only sacrifice)

...

You know it's true  
Loving is untrue  
Waiting for tomorrow  
To come, to come  
You know it's true

There's something about you

Waiting for tomorrow

To come, to come

To come, to come

To come, to come

To come, to come
