Just Like Me

Eskimo Joe

All the time I took to make it here,
you're so unkind
Everyone chose to let us in the back door
Chose to let us inIt's a crazy chord;
they call it "B"
If you play it you will see
you write a song just like meAll the words I chose to write them down
in this book yes I know
I only get around to reading it
I only get aroundIt's a crazy chord;
they call it "B"
If you play it you will see
you write a song just like meoh We've come to far
We've come to far
We've come to far
We've come to farIt's a crazy chord;
they call it "B"
If you play it you will see
you write a song just like me
Write a song just like me
