

# Just Like Me

## Eskimo Joe

All the time I took to make it here,  
you're so unkind  
Everyone chose to let us in the back door  
Chose to let us in It's a crazy chord;  
they call it "B"  
If you play it you will see  
you write a song just like me All the words I chose to write them down  
in this book yes I know  
I only get around to reading it  
I only get around It's a crazy chord;  
they call it "B"  
If you play it you will see  
you write a song just like me oh We've come to far  
We've come to far  
We've come to far  
We've come to far It's a crazy chord;  
they call it "B"  
If you play it you will see  
you write a song just like me  
Write a song just like me
